

## Introduction to Biblical Greek

**Exercise:** Memorize the following definitions of the Greek tenses.

**Present:** Describes an action that normally occurs in the present.

**Future:** Describes an action that will occur in the future.

**Aorist:** For this course, it can be considered as a simple past tense in the indicative mood.

**Perfect:** Describes an action that was brought to completion and whose effects are felt in the present.

**Imperfect:** Describes an imperfective action normally occurring in the past.

## Introduction to Biblical Greek

**Exercise:** Memorize the following definitions of the Greek moods.

**Indicative:** Used to describe something that *is* (as opposed to something that may or might be.) It presents actions or states as factual.

**Subjunctive:** Used when a verb expresses a possibility, or probability

**Optative:** It is the mood of “wish.” Whereas the subjunctive is one step removed from reality, the optative is two.

**Imperative:** Used when making a command, or urgent request.

**Infinitive:** It is a verbal noun.

**Participle:** It is a verbal adjective.

## Introduction to Biblical Greek

**Exercise:** Memorize these tense forms of ἀγαπάω, and their translations.
